

The Australian School Of Esoteric Studies

Is a non-sectarian organisation committed to assisting individuals in their quest for living a life of greater freedom.

Patrick immigrated to Australia from Mauritius at the age of 23. His search for the “truth” led him to study physics, hypnotherapy and conventional psychotherapy. He then went on to study with a Tibetan Lama and with the Rosicrucians where he was initiated into Hermetics and the Kabala. Patrick lives his life’s passion, which is to show people how metaphysics can transform their lives. He is a formidable teacher and healer with the ability to guide and Inspire people to go beyond what they ever imagined they were capable of.

We can easily forgive a child who is afraid of the dark.

Private Consultations

Patrick guides you through your own individual healing experience. He uses different techniques to assist in releasing energy blocks, as well as balancing and realigning the body to its natural state. He brings to your attention limiting decisions you have made or you have allowed others to make for you through your indecisions. Through the healing process, you are presented with options and are given the support, on whatever level you are willing to receive and accept it, to revise that which has limited you from living the life you deeply desire. You will be able to make choices that can change your life significantly and in a purposeful manner. It is recommended that you allow a little time in solitude after the session in order for the full impact of the healing to take place.

Sessions last approximately one hour.

Regeneration - Rejuvenation - Renewal

This program is about You. It is about Quality of Life. That we shall quit this plane of existence is a promise that will be kept! However, we can remain **Vital and Active** to the last minute. We can live much longer and retain Quality of Life to the last moment.

Our body and our mind have immense healing abilities. We do not need to mortify ourselves with harsh diets and strenuous exercise to prevent obesity or rid ourselves of obesity. We do not need chemicals to cleanse our body.

We only need an Esoteric understanding of how we relate to The World of Life. We need to tap into this immense ocean of energy (The Chi, Prana, The Life Force etc) in which we move and live and have our being!

The program will cover:

- Breathing technique to **rejuvenate** the Body.
- The Lymphatic Breath to cleanse the body.
- A simple exercise program that you can design for yourself.
- Meditation, Visualisation and introspection in order to tap into dormant inner resources and initiate the process of **renewal**.
- Making healthy choices that are easily followed through.

This course will be an exploration of developing a mindset that enables an abundant life in every aspect of who you are. The abundance you will receive is in exact proportion to the definitiveness of your vision, fixity of purpose and depth of gratitude.
